🔍 How we decide:

We use credit reference agencies and Open Banking to offer fair decisions and rates tailored to you.

⚠️ Important to know before applying:

- Applications are more successful if you've kept up with recent payments
- Older defaults or CCJs may be acceptable, but recent ones can affect eligibility
- If you're currently in bankruptcy or a debt management arrangement, we won't be able to lend
- Applying for a loan triggers a credit check, which can impact your score
